## Calyx RIM 7.1.11 Release Notes

### Calyx RIM 7.1.11 Release Notes

The Release Notes contain information about updated files, resolved issues, and any open issues or workarounds in this release of Calyx RIM 7.1.11.

The details in these Release Notes supersede all similar details that appear anywhere else in this release of the product or its other documentation.

#### Calyx RIM 7.1.11 Resolved Issue

Calyx RIM 7.1.11 resolves the following issues.

##### Publishing

Issue	Description
DE29656 [INC0184736]	Details of failed jobs were not displayed in the <b>Job Requests</b> query leading to extra effort in troubleshooting. This issue is resolved. Now, detailed information about failed jobs, along with the cause of the failure and document name where applicable, is displayed in the <b>Job Requests</b> .
DE29613 [INC0184045]	After publishing, xml output included incorrect Applicant ID phone number type. This issue is resolved.
DE29387 [INC0163084, INC0206337]	After reusing and publishing US study reports content in EU dossier, tags in the <code>index.xml</code> output location were generated in the incorrect order. This issue is resolved. Now, tags in the <code>index.xml</code> are generated correctly.
DE29359 [INC0160614]	After launching <b>Job Requests</b> operation, <b>Job Status</b> data did not correspond to the <b>Job Requests Details</b> , displaying incorrect or outdated information. This issue is resolved. Now, the statuses correspond to the <b>Job Requests Details</b> data, displaying a short summary of errors/warnings detected.
DE29276 [INC0124015]	Trying to modify the manufacturer with multiline value in the <b>Address</b> attribute resulted in an error. This issue is resolved.
DE28913 [INC0136665]	After updating Oracle from 19.16.0.0.220719 to 19.17.0.0.221018 version, a column ambiguity error occurred when using the <i>XEVMPD Submission</i> wizard. This issue is resolved. Now, you can use the <i>XEVMPD Submission</i> wizard without errors.

Issue	Description
DE28390 [CS0562479; INC0091145]	Using the Enter key to separate values in the <b>Concerned Parties</b> field resulted in an extra tag generation that could be deleted only manually. This issue is resolved.
DE27365 [INC0186417/ TASK0047873]	When the <b>Export to Excel</b> option was used for <b>Job Message Details</b> , the file was saved in an unknown format instead of .XLSX and with the XLSX name. This issue is resolved.
